— THE —

Provident Wood Yard,

BROADWAY BRIDGE, SO. BOSTON,

Was established in the winter of 1875-6, and has been ever since, and is now, self-supporting. The amount of good the yard can do will depend upon the amount of wood it sells. The General Agent of the Provident Association in his annual report says, "The actual relief furnished to the families of worthy men is but a part of the advantage reaped from the establishment of the Wood Yard; for it not only enables the General Agent to offer work to those who represent their families to be in destitution for the want of it, but it also enables him pretty certainly to ascertain the truth of their representations; for the lazy and the deceitful will not go to the Wood Yard, neither are they likely to make further application for assistance."

The Wood sold at the yard is of the best quality, thoroughly seasoned, and at as low rates as can be purchased elsewhere.

Best Hard Wood, cut twice and put in, . \$10.50 per Cord.

" " or Soft " " 12 in. long, split & put in, 12.00 " "

Wood cut any length at corresponding rates, and put in and piled without extra charge.

A TONTINE SAVINGS FUND POLICY OF THE EQUITABLE LIFE ASSURANCE SOCIETY

COMPARED WITH

An Ordinary Life Policy, upon which it is assumed that every Premium will be Reduced by a Dividend of 30 per cent.

No Company can afford to pay such large dividends in the earlier years of an ordinary life-policy: this assumption is made simply for the purpose of comparison.

TONTINE POLICY.

POLICY \$10,000.—Age 35.

Annual Premium,	\$263.80
Premiums for 15 Years,	\$3,957.00
Estimated Profits Accumulated in 15 Years, equivalent to 77 per cent per annum,	3,080.00
Net Premiums for 15 Years,	\$877.00
GUARANTEED Cash Value at end of 15 Years,	\$1,934.00

THE DIFFERENCE.

Profits Accumulated in 15 Years, estimated as above,	\$3,080.00
Guaranteed Cash Value,	1,934.00
	\$5,014.00

 A Cash Return of over 126 per cent of the full Premiums, 

ORDINARY POLICY.

POLICY \$10,000.—Age 35.

Annual Premium,	\$263.80
Premiums for 15 Years,	\$3,957.00
Sum of Dividends for 15 years, estimated at 30 per cent per annum,	1,187.10
Net Premiums for 15 Years,	\$2,769.90
Estimated Cash Value at end of 15 Years,*	\$926.55

Dividends or "Profits" estimated as above at 30 per cent,	\$1,187.10
Estimated Cash Value,	926.55
	\$2,113.65

 A Cash Return of LESS than 54 per cent of the full Premiums, 

For further explanations, showing the superiority of the Tontine Savings Fund Policy, apply to any of the Agents of the **EQUITABLE LIFE ASSURANCE SOCIETY** throughout the United States, Canada, and Europe.

* Some companies give no cash values for ordinary life policies, while others allow very small values. For the purpose of a fair comparison, the above value is estimated at a rate more liberal than the leading companies make a practice of allowing.

LEICESTERSHIRE TABLE SAUCE !

The most perfect relish of the day.

An absolute remedy for Dyspepsia.

Invaluable to all good Cooks

A nutritious combination for Children.

Invaluable for Soups, Hashes,

Cold Meats, and Entrees.

BEWARE OF IMITATIONS!

THE ELLIOT PATENT UPRIGHT PIANO,

Manufactured by the ROGERS UPRIGHT PIANO Co., is opening a new era in this department of mechanics, proving beyond the possibility of doubt that permanent tune may be secured to an upright piano. Instead of getting out of tune, incurring not only inconvenience but a large expense, this "ELLIOT PATENT" is a guaranty for perpetual perfect tune, after the stretch is once out of the strings. The sympathetic and singing qualities, the pure, artistic, piano tone, of this instrument, on which the development of musical taste and feeling so much depends, is all that musicians and amateurs seek or desire.

BOSTON FIRE-ALARM TELEGRAPH. — SPECIAL NOTICE.

The fact that an alarm-box is located near their residence, and where the key is kept, should be known to all persons, both male and female; and the simple manner of giving an alarm in case of fire should be a matter of common education. The Board of Fire Commissioners recommend to all persons who may see this notice, that they make the necessary inquiries, to enable them, in case of need, either to get the key, and pull the box, or to direct others to do so. *Time* saved in this way may sometimes prevent a conflagration.

In case of fire, follow these

DIRECTIONS.

Get the key to the nearest box to the fire.

Open the box; pull the hook all the way down *ONCE*, and let go.

Wait *one full minute* for the sound of the bells.

If you hear no sound, *pull again*, and the *third* time if you get no sound.

If you fail the third time, go to the next nearest box, and do the same there; but do not touch any other box if the nearest one gives the alarm.

After giving the alarm, remain a while if *possible* by the box, so as to direct the firemen to the fire.

SECOND ALARMS. — No person will give alarms for the same fire (after the first alarm has been given), without an order from an Engineer; and the person so ordered will be *sure* to go to the *same box* from which the first alarm was given, and report the same to the Chief Engineer. *If, however*, a fire breaks out while another is burning in a different section of the city, a *second* alarm can be given by a Police Officer without waiting for an order from an Engineer.

CAUTIONS TO PERSONS HOLDING SIGNAL KEYS.

1. Never open the box or touch the apparatus except in case of fire.
2. Never sound the alarm for a fire seen at a distance.
3. Be reasonably sure there is a fire before sounding the alarm.
4. Be sure your box is locked before leaving it.
5. Never let the key go out of your possession, except to some responsible person to give an alarm of fire; and be sure the key is returned.
6. *If you remove from your house, or place of business, return the key to the Fire-Alarm Office without delay.*
